HOW'S IT WORK?

Live It OutLoud is gives students the technical and artistic skills necessary to pursue their passion in the entertainment industry. Any aspiring, non-professional musician ages 12-18 can participate. Guitarists, drummers, keyboardists, bassists, vocalists, and other instrumentalists are welcome. The only prerequisite is the passion to work hard and learn for eight amazing weeks.

Students are placed in bands, and these bands become their new family. Students should expect to practice on their own daily and bands are encouraged to rehearse more than once a week together. Many find they want to rehearse almost daily.

LEARN

During the eight weeks, a series of important group seminars are presented. The seminars provide an opportunity for students to learn from and network with high-level musical professionals. Scheduled seminars typically include: Stage Performance, Songwriting, The Business of Music, Music Promotion, Music Theory as well as keyboard, guitar, vocal and drum master classes. Attendance to these seminars are mandatory.

WRITE

Bands will be challenged to create and perform at least one original song for the final concert. Band mentors will provide songwriting guidance, and a program-wide Songwriting Seminar will be presented to assist in structure, lyric composition and arrangement.

REHEARSE

Bands will schedule a weekly rehearsal with their mentor in a provided rehearsal space. Bands are encouraged to rehearse multiple times a week and Ted Brown Music stores have in-store rehearsal space as availability allows. All the in-store rehearsal spaces are outfitted with professional gear (sound system, amps, keyboards, drums).

IMPROVE

One of the most valuable workshops is the PERFORMANCE BOOTCAMP, where

the bands get to perform in front of a panel of music professionals and get their performance evaluated.

It's incredible to see how fast the bands can implement the feedback given into their live performances!

PERFORM

All bands will perform at least 3 shows on major local stages. This gives everyone a chance to live their dream of playing live in a professional concert atmosphere.

Attendance at club performances is mandatory.

RECORD

Each band will have the opportunity to record their original song at a professional recording studio. The song will be professionally mixed and mastered and published on digital distributions and on a Compilation CD.

FINAL RED CARPET AWARD SHOW

Live It OutLoud culminates with the Final Red Carpet Award Show, held this year on Saturday, August 11th in Tacoma. Bands will perform live, on a large stage, and Out Loud, before an audience of family, friends, peers, and music lovers. At the end, awards will be given in various categories. Expect professional,

concert-quality production, including lighting, sound, photographers, and even roadies!

TUITION

Tuition is \$400 per student. There are a limited number of need-based scholarships available from Ted Brown Music Outreach. Contact Stephanie Howe at 253-272-3211 to learn more about scholarships.

We believe that music enhances quality of life by improving learning abilities, relieving stress, and providing an opportunity to change lives. Our purpose and mission is to put instruments in the hands of young musicians while supporting their musical activities and programs. We created this organization to help as many young aspiring musicians have an opportunity to "Live Their Dreams" as possible.
